Science Experiment:

Balloon Rocket Ship: Using a string, a straw, balloon and tape, children will get an idea of how rocket ships zoom into outer space. Draw a rocket ship onto the side of the balloon. Thread the straw through your string. Then tape your straw to the balloon once you have blown the balloon up. Have two adults hold each end of the string and release the blown up balloon! Your rocket will really zoom to outer space!

Spring Song

(To the tune Farmer in the Dell)

The sun is shining bright
The sun is shining bright,
Oh, how I love the warmth,
The sun is shining bright.

The rain is falling down,
The rain is falling down,
Oh, how I love the sound,
The rain is falling down.

The flowers start to bloom,
The flowers start to bloom,
Oh, how I love the sight,
The flowers start to bloom
